purple

Flower period:

all year

Product:

plant

Plant type:

plant

Plant type:

terrarium

Growth habit:

creeping

Growth habit:

epiphytical

Growth rate:

slow

Araflora info:

non-edible

Araflora info:

limited

Natural habitat:

South-East Asia

Altitude range:

500-1000 m

## Plantcare

The Hoya bilobata can be kept as a house plant, preferably in a bright spot. The vines can grow very long, but are easily guided. Don't remove the stalk on which the flowers grew; new flowers will grow on it.
