

Venus flytrap 'Dionaea muscipula 'Spiderman' (CarniVFT106a) Dionaea muscipula 'Spiderman' starter

€ 25.00

The *Dionaea muscipula* 'Spiderman' Starter', a small plant of a rare Venus flytrap mutant grown in a 5-centimetre pot. It owes its name to the traps that look like Spiderman's famous move whereby for example he neutralizes his enemies or whereby he moves from building to building. The *Dionaea muscipula* 'Spiderman' Starter' is a new, stable Venus fly-trap mutant species in the Araflora collection, so at the moment there are still only very few plants available. When you take a *Dionaea muscipula* 'Spiderman' Starter' into your home it is wise to provide it with plenty of water and light.

Plant type:

carnivorous
