Product info

Sorry, no additional information on this Araflora plant. Additional information about this plant will become available later. The symbols below will give you some indications for this plant. We are working hard on adding valuable information as soon as possible.

Height:
3 cm

Adult height:
5-10 cm

Flower colour:
white

Product:
plant

Growth habit:
normal

Growth rate:
normal

Natural habitat:
North America

Width:
4 cm

Adult width:
10 cm

Flower period:
Jan-July

Plant type:
carnivorous

Properties:
special

Araflora info:
botanical

Altitude range:
0-500 m
## Plantcare

No plantcare information of Araflora available. The plantcare symbols below will give you an indication about the product. We hope to have text available soon.
