

## Orchid 'Bulbophyllum tingabarinum' (Orchid311)

Bulbophyllum tingabarinum

€ 15.49

There are few plants that can outshine the beauty of Bulbophyllum tingabarinum. This orchid makes striking orange flowers. The needle-like petals create a fan which is often bigger than the plant itself. Bulbophyllum tingabarinum is quite compact, making it very suitable a terrarium. Unlike many other Bulbophyllum types, this orchid exudes a nice fragrance.

Plant type:

flowering plant

Place:

indoor

Adult width:

Light:

semi sun

Watering:

normal

mini

### Product info

Bulbophyllum tingabarinum is found in nature in Laos, Vietnam and Cambodia. Like many species, this orchid grows upon trees. The leaves are around 10 centimetre and grow from bulbs, which is why this group of orchids has the name 'Bulbophyllum'. Its orange flowers can grow as large as its leaves. It's not the lip, but two other flower petals which determine the length. The scent of Bulbophyllum tingabarinum can be described as carrot or like an orange.

Height:

5 cm

Width:

4 cm

Flower colour:

yellow

Flower period:

Oct-Mar

Temperature winter:

15 °C

Product:

plant

Plant type:

flowering plant

Growth habit:

epiphytical

Growth habit:

normal

Properties:

limited

Growth rate:

normal

Araflora info:

mini

Natural habitat:

North-East Asia

Altitude range:

400-1000 m

## Plantcare

Bulbophyllum tingabarinum favours temperatures around 25°C. Make sure the temperature doesn't drop below 15°C or rise above 30°C. The environment of Bulbophyllum tingabarinum should have a humidity around 80%. It's best to keep this orchid in a light spot, while avoiding direct sunlight. Water Bulbophyllum tingabarinum when its substrate is slightly dry. Use rainwater or distilled water to prevent the build-up of minerals. In practice this will mean watering three to five times a week. A proper airflow is needed to keep diseases and infection at bay. You can use orchid-mix as substrate. You can find this and other components in our 'Plant Accessories' section. Make sure the pot you use is permeable for water. Old flowers can be cut off.

### Care:

normal
