

Adenium variegated (grafted) (SuCa315)

Adenium variegated (grafted)

€ 59.95

The desert rose is indigenous to the southern side of the Sahara. Therefore the Adenium variegated is, as the name suggests, a variegated species. It is fairly easy to maintain the desert rose in a bonsai format. Due to its compact size, with thick trunk and firm leaves, the plant has a beautiful appearance. Moreover, when Adenium variegated blooms, it has beautiful large pink flowers.

Plant type:

foliage plant

Place:

indoor
